

Special Pricing on Column Legs

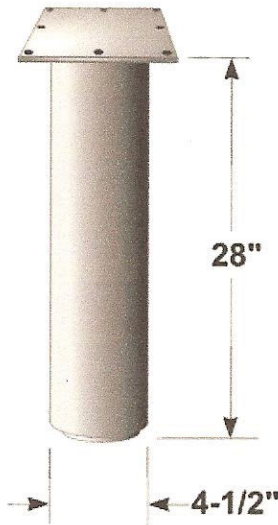

These simple, round, unobtrusive, "column" or "post" legs, blend with almost any style of institutional furniture. **DENNIS T. KONDO** typically provides them in a standard, durable black finish. The special dealer net pricing shown, for resale, is an outstanding buy. The large 4-1/2" diameter leg is an especially cost effective method of supporting round end, square end or P-shaped peninsulas (can be adjusted down to 27-1/2" height). The 2-3/8" diameter leg, with the offset top plate, is ideal for the corners of a table or under the front edge of a cantilevered work surface. It is optionally available in a 34-1/2" height. All the legs have large adjustable glides for leveling and metal top attachment plates. Mounting screws are included (for 1" minimum thickness tops). Units can be shipped via UPS®.
